ENDEAVOR - Multi-Surface Kit

The Endeavor Multi-Surface kit is the perfect package of products for professional cleaners looking to hit the ground running. One versatile machine with the proper tools cleans many surface types saving you space and maintenance on several machines that you would need to do the job of the Endeavor. The kit includes:

- The 13 Gallon Endeavor with adjustable 1200 psi pump, powerful 8.4" Infinity Design vacuum, 2,000 watt in-line heater, and auto-fill/auto-dump.
- Triton carpet wand with superior airflow technology and built-in wand glide
- Revolution tile & grout cleaning tool with high RPM dual jet spinner
- Counter top Revolution hand tool for detailing horizontal or vertical surfaces and cleaning in corners
- High/low pressure spray gun for touch-free restroom cleaning and pressure washing
- Dual head squeegee wand for scrubbing and quick water recovery
- Automatic chemical feed system for accurate chemical usage
- 25' vacuum hose and high pressure solution system
